STATINTL

October 26th is the only possible date in October for our next University Presidents visit.  tells me that she has put aside that date and you would be free. Four of the men you invited have accepted for that day.

They are: Wesley Posvar, University of Pittsburgh; Josiah Bunting, Hampden-Sydney College; William Edward Lavery, Virginia Polytechnical Institute; H. Edwin Young, University of Wisconsin. At least two other University Presidents are trying to rearrange their schedules to see if they could make the meeting; all of the others are tied up during late October.

The four who have accepted are highly articulate and energetic and at least two you already know. I believe a full day's program with them would be a great success.

The tentative program is similar to those previously run. The only major difference is in the time. We are starting one hour later because most of our guests will be arriving in the area the morning of 26 October. I hope this meets with your approval.
